#### Remarks

This is the renovation you would do for yourself.... If you've toured new construction homes recently and thought to yourself, did the architects just give up? Then this home might just be for you... \*Elegance. Charm. Attention to detail.\* Three phrases we don't hear enough anymore, but that changes today as we step inside 'Casa Alegre' on Featherbed Lane. Located in the heart of Siesta Key Village and positioned at one of the most impressive intersections of waterways the Grand Canal offers, there is no more sought-after location on all of Siesta Key than right here. An 8-minute walk into the Village merges proximity with privacy in the exact way you've been imagining. This fully renovated Mediterranean Revival is overflowing with pride of ownership. Featuring major upgrades including a new roof, new seawall, all new hurricane windows and doors, new flooring, new electrical, and more; this is the renovation you would do for yourself, and that translates into true confidence, not just fresh finishes. Inside, the home lives bright and open, in part from its southern facing pool, and even more-so with volumes of natural light pouring in through NINF sets of brand-new sliding glass doors and a layout designed for effortless island living and entertaining. With 4 true bedrooms. 4 baths. plus
